EXCEL 440

Super Lubricant

Multipurpose and instant lubrication that is extremely effective:

- Chain and wire rope lubricant, perfect for high stress and high temperatures in all weather conditions.
- Cutting spray lubrication for drilling, tapping, band saws, lathe machining and mill work.
- Break/shear-lube for metal bending, drawing, stainless steel punching.
- Emergency lubrication for seized parts and bearings.

EXCEL 440

Applications for use

- Hand and Air Tools
- Drills, Chainsaws
- Clippers, Hedgers
- Guns, Fishing rods
- Conveyors, gears
- Hinges, Springs
- Swivels, Slides
- Bearings, Bushings
- Bolts and Screws
- Lock Lube, De-icer

Application: Just spray a little on the metal

EXCEL 440

Extreme Conditions

- Quickly penetrates seized / corroded metal parts and super-lubricates.
- Long lasting lubricant film suitable for working temperatures from -40°C to 250°C (-40°F to 480°F).
- Di-electric Shield waterproofs electrical power up to 20,000 volts.
